**JUNIOR
CASKETS™**

*'Commemorating younger lives ...
their way'*

Welcome and 'thank you' for your interest in our innovative, creative and inspiring 'Junior Caskets' range of Infant and Child funeral products.

'Junior Caskets' is part of The Searson Family Funeral Service, an established funeral provider, a three generation business, built on more than thirty five years of experience. We recognise every life tells a story and one that deserves to be reflected, even at a very sad time.

Our creativity can help provide an element of celebration, an endless array of options and choices, enabling you to make the final product your own. We are here to interpret your ideas, create a fitting tribute and celebrate life ... their way.

'Junior Caskets' only design and manufacture infant and child products and believe whole heartedly, we are exceptionally good at what we do.

This Product Collection offers standard designs, ideas, thoughts on paper. Take an option, add an inscription, other words, a message, have a photograph, change the colour theme, tell us what you want and we'll do our upmost to create it for you.

Our pricing is simple, one product, one price, no additional charges. Just speak with your Funeral Director, they will explain the applicable costs and will also provide a 3D proof of your chosen design before it is made.

Your chosen product will be design and created to order, we don't hold stock, whatever you decide to have, it will be made specifically for you.

On behalf of the Searson family, we thank you again for showing interest in our offerings. If you need any help of guidance in making your final selection, feel free to contact us or speak with your Funeral Director.

GRACEFUL

'Junior Caskets' are able to extend a range of sensitive designs; subtle, elegant and contemporary compared to the traditional 'White Coffin'.

You can select ANY colour, just give us an idea as to the shade, and we will put a proof together.

Handles can be fitted if you wish, either in Silver or Gold. The lid uses screws to fasten down and white plastic cover caps to finish.

Interiors are Diamond White Quilted Taffeta, finished in a way that doesn't require an additional frill. However, we can offer White, Light Blue, Light Pink, Lemon, Mint or Peach, in 6", 9" or 12" depths depending upon the Crib or Casket size at no additional cost.

Inscription details can be included as an integral part of the design or you may wish to have a separate Name Plate. Other words can be included, and having the child's name on each side adds an additional touch, especially during the service where it can be visible to those attending.

Pre-Term and New Born Crib designs are available in three standard sizes although a larger size can be requested if parents wish to include their own bedding and a selection of toys.

HUNDREDS OF COLOUR OPTIONS

WITH OR WITHOUT HANDLES

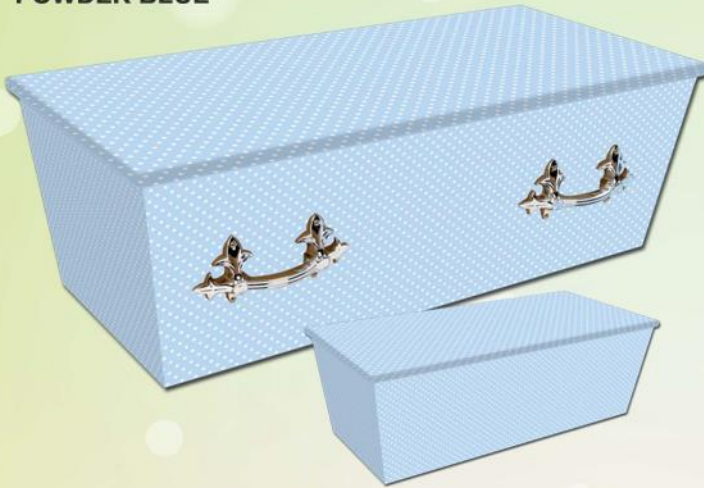

All our Crib and Caskets come complete with a Diamond White Taffeta Quilt interior along with the option for a 6" Colour Frill and Pillow

Our 'Subtle Polka Dot' range provides the same level of sensitivity as our 'Graceful' collection but with an added dimension. An infinite range of colours, and an alternative to a solid background is to have coloured dots on white.

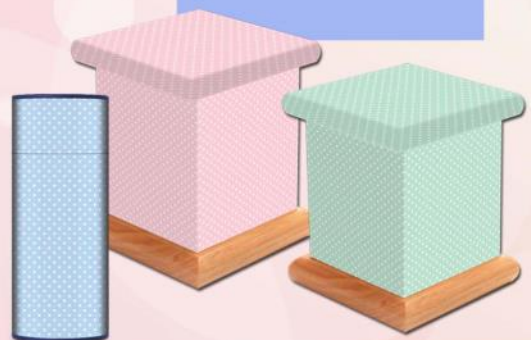

You can still add an inscription, or any other design element, just let us know what your exact needs are and we will try to exceed them.

Don't forget I can provide you a range of accessory products such as Infant sized Ashes Caskets and Scatter Tubes in every design

CAMOMILE

Our 'Camomile' range is another sensitive option.

This simple floral design adds a more visual texture, it's suitability as a unisex choice is subtly provided, a delightful, bright alternative to the simplistic coloured Crib designs.

Don't forget, you can have handles fitted as standard, and if a Name Plate is preferred, rather than integrating the inscription, this can also be done at a small charge.

This lovely design can be carried over to accommodate any one of our accessory products: Order of Service Books, Poem Cards, Candle Holders, any one of our Ashes Caskets and Scatter Tubes.

Don't forget, to adapt a design to meet your needs doesn't cost any more, the price is the price

DESIGN YOUR OWN

We have a wide variety of designs that should appeal to most people, however, you may feel that your ideas don't match ours, and you would much rather design your own Crib or Casket.

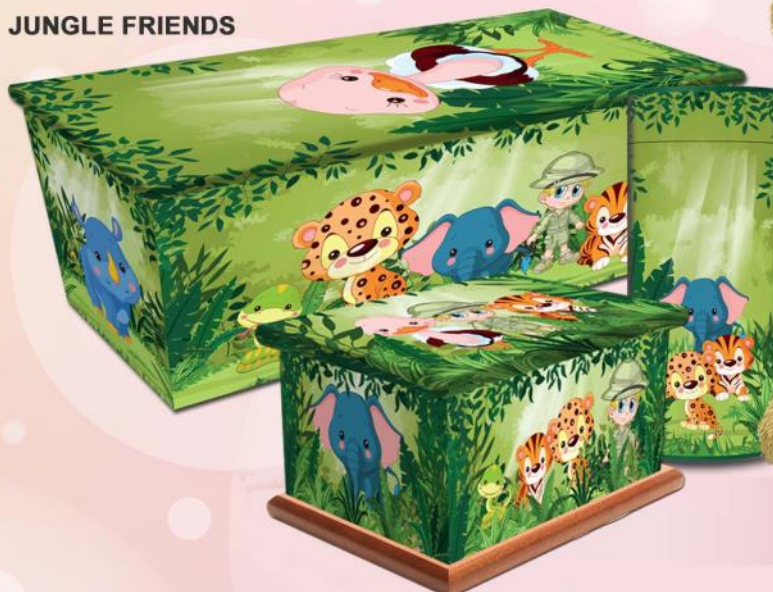

We encourage families to be an integral part of this very important process, and you can send us your own layout ideas, even include artwork, images, photographs and instructions on how you want the Crib or Casket to look.

We will try and interpret your ideas and come up with a workable draft for you to approve.

MEMORIAL MARKERS

Our Memorial or Grave Markers are the perfect way in which to temporarily memorialise a final resting place, but can also be used in so many other ways.

Memorial Markers can be used in your garden, to mark a bush or tree, or a dedicated place you wish to commemorate.

Markers can be used at a Crematorium Garden, in a Planter, they can even be provided without a stake, to be placed on a wall or even Memorial Bench.

Markers are made from solid timber, in Oak or Mahogany, we also have them in untreated Pine as well.

They can be printed to reflect any one of our brochure designs or you can have a one off, bespoke marker made to order.

Natural timber will, invariable, begin to weather as time goes by, but the printed plate is extremely durable to temperature changes, resistant to the elements, UV protected, the print remains vivid for a long time and, as they are not printed on paper, do not peel.
